Time and attendance with professional QRCode scanner for automatic covid certificates validation and temperature control

Time and attendance device with automatic Covid Certificate validation, NFC badge reader and temperature control; integrated with the EcosAgile cloud Time Management system.

Equipped with **infrared thermal control** and hardware professional QRCode reader for high reliability and scanning speed, it has an **NFC badge reader** and relay control for turnstile and gate opening; it can be positioned **indoors or outdoors (16°C-40°C)** on walls, turnstiles or stand alone with a pedestal.

▶ **Time stamping via NFC technology** integrated with the Time & Attendance and Personnel clocking system

▶ **Professional QR Code reader** for the European covid certificate

▶ Personnel body **temperature measurement** with an accuracy of ±0.3°C and within a distance of 0.7 metres

▶ Generates **immediate notification** of validation with sound, light, on-screen evidence

FAST AND EFFICIENT

It speeds up the flow of people with automatic control and validation of the Covid Certificate, avoiding the formation of crowds. Avoids direct contact with the customer/user to protect their own health and that of their staff.

UPDATES INCLUDED GUARANTEED

It also includes in the purchase cost software updates for technical and/or regulatory changes or new official publications.

GDPR COMPLIANT

Fully compliant with the General Data Protection Regulation GDPR: no data storage or transmission; display of only the data required in compliance with the regulations.
